### PRODUCT LINEUP

#### Stainless Steel

##### Available Forms:

COIL • SHEET • PLATE • PIPE • FORGINGS  
BEAM • SQUARE TUBE • ROUND TUBE  
RECTANGULAR TUBE • HEX BAR  
FLATBAR • SQUARE BAR • CHANNEL  
ROUND BAR • CHECKER PLATE

##### Grades:

201, 301, 303, 304, 309, 310, 316, 321,  
330, 347, 400, 409, 410, 416, 430, 434,  
439, 625, 825, 2205, 2207, 304L,  
316L, 254 SMO, 17-4, 310S, 410,  
800H, 201 LN, 304H, 410S, 15-5PH,  
17-4PH, C276, 317L, 3-CR-12, 409L,  
904L, AL6XN, D-7.

#### Aluminum

##### Available Forms:

COIL • SHEET • PLATE • PIPE • SHAPES  
BEAM • SQUARE TUBE • ROUND TUBE  
RECTANGULAR TUBE • HEX BAR  
FLATBAR • ANGLE BAR • SQUARE BAR  
ROUND BAR • CHECKER PLATE • CHANNEL  
EXPANDED METAL

##### Grades:

1100, 2011, 2024, 3003, 3105, 5005,  
5052, 5454, 5182, 5083, 5086, 6005,  
6061, 6063, 6101, 7050, 7075.

## PRECISION SERVICES

### Cut to Length

Stainless Steel and Aluminum Coil can be cut to precise lengths. We process up to 72" wide sheet and up to 96" wide plate with thickness from 0.018" to 2".

### Precision Bar Saw Cutting

Stainless and Aluminum Bar and Tube up to 18" Diameter cut to your required lengths. Cutting tight tolerances and clean finishes.

### Shearing

We offer Stainless Steel and Aluminum Sheet shearing specific for your requirements. We deliver lengths up to 144" and thickness from .024" to 1/4" thick.

### Plate Saw Cutting

Custom dimensions for production-ready pieces.

### Sheet Covering

Protective film application for surface integrity.

### Coil Slitting

Stainless Steel, Aluminum and Specialty Metals slit to your custom width. We slit widths as narrow as 0.500" and thickness from 0.010" to 3/16".

## WHY CHOOSE US

- Full-service metal supply for Canada, USA and Mexico.
- Extensive inventory of stainless steel and aluminum grades.
- Metallurgists and Product Specialists on Staff.
- Certified to AS9120 B and ISO 9001:2015.
- Fast turnaround and reliable delivery.
- Technical expertise to meet your specifications.
